Saint Paul Lutheran High School Concordia, MO

MISSION STATEMENT

*CHRIST CENTERED
EXPERIENCES IN
LEARNING, FOR LIVING*

Saint Paul was established in 1883 as St. Paul's College and was patterned after the old German "gymnasium" classical educational system (a six-year program). Originally, the school was to prepare young men for the ministry in The Lutheran Church—Missouri Synod. Because of Saint Paul's rigorous course of study and high success rate among its graduates, Saint Paul attracted students with other vocational interests as well as international students from all over the world. Saint Paul's accreditation is through the North Central Association (NCA) and the National Lutheran School Association (NLSA). Saint Paul Lutheran High School received "Exemplary Status" recognition for the 2011-2012 academic year through the National Lutheran School Accreditation Commission (NLSA).

FACILITIES

Saint Paul Lutheran High School is located on 40 acres of land. There are a total of nine buildings on the collegiate style campus - four are academic buildings. Located on the east side of campus is Laubenstein football field and running track. The soccer, baseball, and softball fields are located on the north side of campus.

Each student's room has an air conditioner and can be fitted with a small refrigerator.
